#### **Company Background**

Eratech Industrial Engineering (EIE), a leader in precision machining & turnkey manufacturing services was founded in 1983 by *Mr. Eddie Koh.* Under his leadership, EIE developed a broad base of engineering expertise and manufacturing know-how which enables EIE to successfully undertake and complete projects that are complex and technically demanding.

As of April 2007, we changed our name to <u>Eratech Pte Ltd (EPL)</u> to reflect the branding, development & diversification of our business. This coincides with the establishment of our strategic partner <u>XPM Automation GMBH</u> in Austria to service specifically the customised automated machines industry.

EPL has established its name in the following industries segment:

- Semiconductor, Front-End & Back-End Equipment Segments
- Aerospace & Aviation Segments
- Manufacturing Machine Design & Automation Segments
- Optical and Imaging Segments
- Medical & Life-Line Support Equipment Segments
- Water Treatment & Purification Segment

EPL's emphasis on its core values, continuous improvement program, and strict compliance with EPL's stringent QC practices and adherence to the <u>AS/EN/JISQ 9100 : 2009 (Rev C) & ISO 14001: 2004.</u> An international Quality Standard is a testament to its commitment to deliver high products and services.

#### **Our Vision**

To become the leading world class machining services & customized automation services supplier for the Asia Pacific Region

#### **Our Mission**

To continuously innovate, create, develop & use state of the art machining facilities, services & technology. So as to provide the best value & quality products & services to our customer.

To create strategic partnership with our customer and suppliers to achieve our vision

#### **Our Milestones**

- **1983 Establishment of Eratech Industrial Engineering**
- 1988 1st phase upgrading of major manufacturing machineries and equipment
- 1995 Formation of Quality Control Department and investment in leading edge QC inspection equipment
- 1997 Achieved annual sales revenue of S\$530,000
- 1998 2<sup>nd</sup> phase upgrading of major manufacturing machineries and equipment
- 2000 Attainment of ISO 9001: 2000 Certification
- 2003 3<sup>rd</sup> phase upgrading of major manufacturing machineries and equipment
- 2005 Qualification as a vendor for ASM FEMS , Relocation to AMK 10,000 sq-ft
- 2006 4<sup>th</sup> Phase upgrading of major manufacturing machine and equipment, Achieved annual sale revenues of over SG \$ 5,000,000. Change our company name to Eratech Pte Ltd and establish of our strategic partner XPM Automation GMBH to service the customized automated machines industry
- 2007 Under process of 5<sup>th</sup> Phase Upgrading major manufacturing machine and equipment up to S\$2,000,000.
- 2008 Invested S\$1.2 Million in 6 units of FANUC Robot Drilling Machines and 3 units of MAZAK CNC Lathe Machines.
- 2009 Acquired one new MAZAK CNC Quick Turn Star 200.

Qualified (PPAP) by UNICORE to be their first precision machining vendor in ASIA

- 2010 Attainment of SE/EN/JISQ9100 and ISO 14001:2004 Certification. Acquired one unit of FUNAC ROBOT DRILLING Machine, one unit of MORISEIKI NVD 1500 DCG and one unit of MITSUBISHI MICRO V1. Also achieved annual sale revenues over S\$ 5,700,00.
- 2011 Acquired one unit of CNC Milling machine, EXTRON M6L (X-1600,Y-1000,Z-800) and one unit of CNC Turning machine WASINO A-18-S
- 2012 Acquired one new CNC Milling machine MITSUBISHI MICRO V1-5X, one unit of CNC Turning machine TAKISAWA TCN-2000Y-T12,L3, and YASDA Micro Center YMC 430 Version II.
- 2013 Participated at MTA METAL ASIA 2013 as Exhibitor and acquired new CNC Milling machine YASDA YMB950V Ver III there.

#### **Our Strengths**

- Our dedicated & conscientious employees.
- Talented & Highly Experienced Technical staff.
- Fully Integrated Medium scale machining facilities:

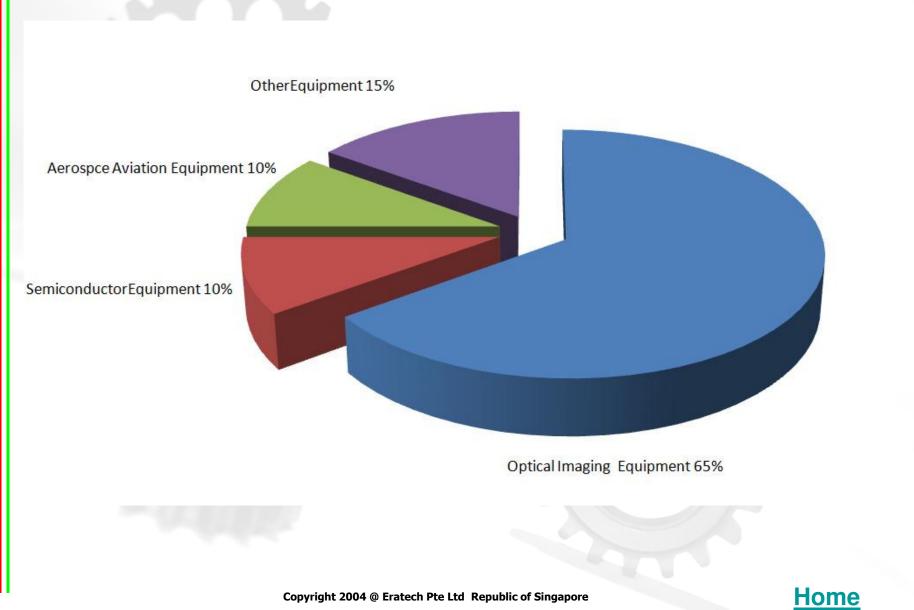

CNC Milling (horizontal, vertical & 5 axis), CNC Turning (< OD450), Cylindrical & Flat-bed Grinding, Fully equipped Quality inspection facilities, EDM machining & Wire cutting + Super-drill, Conventional lathe & Milling, De-burring, Sandblasting and Blazing.

- Fully Integrated Quality Control Inspection Facilities
- Research & Development Team, Knowledge gathering and implementation culture.

### **Market Segments**

## Eratech Machinery & Equipment

#### **Machinery Facilities**

#### **Quality Control Facilities**

#### CNC Milling M/C Section:

- YASDA Brand CNC High Speed 3-Axis M/C x 2 units
- BROTHER Brand CNC 3-Axis M/C x 1 unit
- QUASER Brand CNC 3-Axis M/C x 9 units
- FANUC Brand CNC Robot Drill 3+1 Axis M/C x 7 units
- MITSUBISHI Brand CNC High Speed 5-Axis M/C x 2 units
- MORISEIKI Brand CNC High Speed 3-Axis M/C x 1 unit
- EXTRON Brand CNC 3-Axis M/C x 1 unit

#### CNC Turning M/C Section:

- MAZAK Brand CNC Lathe M/C x 12 units
- TAKAHASHI Brand CNC Lathe M/C x 2 units
- WASINO Brand CNC Turn-Mill M/C x 1 unit
- TAKISAWA Brand CNC Turn-Mill M/C x 1 unit
- MAZAK Brand CNC Turn-Mill M/C x 1 unit

#### Precision Grinding M/C Section:

- OKAMOTO Brand Surface Grinding M/C x 2 units
- MITSUI Brand Surface Grinding M/C x 1 unit
- SHIGIYA Brand Cylindrical Grinding M/C x 1 unit

#### Wire-Cut M/C Section:

- MITSUBISHI Brand Wire-Cut M/C x 3 units

#### EDM M/C Section:

- MITSUBISHI Brand EDM M/C x 2 units
- ICHI SEIKI Brand EDM M/C x 1 unit

- Brown and Sharpe Brand CMM x 2 units
- Profile Projector x 2 units
- Micro-Height Gauge x 1 unit
- Height Gauge x 2 units
- Toolmaker/Micro Scope x 3 units
- FlexiVision Microscope V-200 x 1 unit
- HR-150A Hardness Tester x 1 unit
- Surface Roughness Tester x 1 unit
- Electronics Micrometer / Vernier x 10 units
- Slip Gauge x 1 unit
- Depth Gauge x 1 unit
- Internal Three Points Micrometer x 2 units and so on

#### **Value-Add Facilities**

- Systems integration line
- Customized Machine Automation

#### **Other Facilities**

- Sand-blasting M/C x 3 units
- ICHI SEIKI Brand Conventional Milling M/C x 3 units
- NEUTRON Brand Manual Lathe M/C x 1 unit
- SODIK Brand Super Drill M/C x 1 unit
- BINDER Brand Heating Oven x 1 unit
- Precision Tool & Cutter Grinder x 3 units
- High Speed Bench Saw x 1 unit
- High Speed Vertical Saw x 1 unit
- Pneumatic Bender x 1 unit
- TOYO Brand Laser Marking M/C x 1 unit
- MARKMAN Brand CNC Engraving M/C x 1 unit
- ELBO Controlli Hathor Tool Pre-setter M/C x 1 unit
- FEDEK Brand Bar Feeder x 1 unit and so on...

# **Our Commitments**

- Competitively Priced Quality Service
  - Increase and enhancement of employee productivity
  - Progressive upgrade of latest state-of-art machinery for fast turnaround time through high machinery capability and manufacturing productivity
  - Ensure efficient, accurate component level procurement
- Quality Customer Service
  - Constant and consistent communication
  - Prompt and accurate service support
  - Technically proficient sales staffs
- Regional Manufacturing & Marketing Operations for expansion
